

## Lamkin Grips

- A true classic, Lamkin's top-selling grip for woods and irons offers a recognizable surface pattern and unmistakable performance.
- Their proprietary rubber compound adds tackiness and durability, while the instinctive surface pattern increases hand traction and reduces torque, making it the ultimate performance grip.
- It has a medium firmness. A favourite among Tour pros, the all-weather 'Crossline' Cord is layered with a soft cord fabric that maximizes traction. Also available in midsize and oversize models.

## Staff Grips

- Ping – soft rubber grip with flame-shaped texture that offers enhanced control.
- Callaway – soft rubber grip with a unique Callaway design for easy on the hands grip.
- Golf Pride – Tour Velvet, probably the most successful grip out there. Combines an exclusive, state-of-the-art rubber-blend compound for maximum playability and confidence. Available in mens & ladies.
- Ping – popular with Tour Players, the PING Man PP58 putter grip is made of smooth rubber and has a thinner profile. They are made of a soft, tacky material that provides great feel when putting.
- Scotty Cameron – keep your Scotty feeling like the day you first bought it. Fantastic feel and control which only enhances your putting accuracy.

## Golf Pride Grips

- MultiCompounds available in five colours: red, white, purple, yellow and pink.

- The DD2 from Golf Pride is a technically advanced, all-rubber grip that combines a firm core for stability with a soft, textured exterior for outstanding comfort and control. The firm, black core material extends to the grip surface in key areas to create a visual thumb-placement guide while providing additional stability throughout the grip. The DD2 is designed for all skill levels and provides the superior durability and performance you expect from a Golf Pride grip. Available in three colours: red, white and yellow.
